WHEAT-The department's figures for August did not show much improvement in spring wheat, the 56.4 per cent of conditions only up 1.2 points from July 1 and 27.8 below the mean average of August for ten years past. The average for the three Northwestern States was only 44, but this 10 points higher than a month earlier. The figures indicated a total spring wheat crop of 17a,-000,000 bu., and for the Northwest \$2,000,000 bu. A total winter and spring wheat yield of 516,000,000 bu, is in prospect, which, with | sks.; the old wheat carried over, will give this country sufficient to meet all requirements and carry fair reserves and visible supplies over into another crop.

map showed that rains had fallen in Ne-braska, and were probable for Kansas and more eastward sections, and the temperature had fallen considerably. Such was the pres-sure to sell that a rapid and heavy decline resulted, a whole lot of inverted pyramids being thus forced out for sale on stop orders or frozen out margins. Sept. opened %c lower and went down to 37%c. Dec. suf-fered most, as the new crop option had been chiefly invested in and most of it conse-quently for sale. It opened to lower at 34%c, and fell swiftly to 34c. Foreign markets were reported offish and Liverpool closed at 4d decline. Receipts were still small at the primary points, amounting to 262,600 bu., against 402,006 bu. one year ago, of which 48,800 bu. at St. Louis, against 113,600 bu. Clearances were 276,-000 bu. The reaction from the early heavy break

The reaction from the early heavy break was only to 34%c for Dec., and it then sold off to 33%c, late railying to 34%c, and closing at 34c hid. Sept. went off to 36%c, back to 37627%c bid, and down to 36%c again, closing at latter. October offered late at 86%c, and for year 33%c bid. News that rains might fall pretty generally over Sunday held buyers off and prices down.

Cash market—Received 49 cars local and 12 cars through. Lower and demand very light. On track No. 2 and No. 3 sold at 35%c, and No. 2, running to white, at 49c; No. 2 yellow at 38%c; No. 2 white at 41%c. PRODUCE MARKETS.

Local Fruit, Vegetable, Poultry, Egg and Butter Quotations.

That there was not the least sign of a set up in the wonderful movement of winter wheat to market made a strong impression, especially in St. Louis. Our receipts were 216,700 bu., against 206,000 bu. a week ago, and 73,800 bu. a year ago, and at Kansas City 325,000 bu. was in. An increase of about 550,000 bu. so far for week in the St. Louis stock also confronted the trade. That the builts were about demoralized was evident by their failure to give the market any support, a good many, indeed, selling out. Sept. Opened 4c lower at 73,400 and sold off to 13,400. Dec. sold at 75,400 down to 74,500 and was offered at 75,500,000 bu. but estimates were out for 1,000,000 to 1,500,000 bu, increase in the visible, where a year ago it decreased \$50,000 bu. Continental cables reported it decline in Paris, and Antwerp unchanged, but Berlin 4c higher, and Buda-Pesth up 14c. English country markets were of 4c for the week, which denoted better weather in that country.

The market did not display any strength

veals were weak and lower. Receipts were fairly heavy, and the demand was very glow. Sheep and lambs were dull and unchanged. Game was dull and weak. Woodcock were lower and sold at from \$5.50 to \$5 a doz.

Wood was dull and unchanged. There was a fair demand for medium and coarse grades, but other wools were plentiful and were dull and easy.

Hides were quict. Receipts were light, and there was a fair demand at unchanged prices.

Eggs.

The market was quiet, but firm to-day at unchanged prices. Strictly fresh stock was in good demand, but offerings were nearly all more or less heated or stale. Choice, fresh mear-by stock sold at 1k, loss off, but held, heated or stale sold for much less.

Receipts at St. Louis to-day were 2,003 cases and shipments were 190 cases.

THE COTTON SITUATION.

vance in All the Cotton Markets. The strength noted yesterday Aug. 11, 1990.

The strength noted yesterday in spaculative cotton values was carried over to-day, and heavy dealings, accompanied by higher prices, closed the last day of the week. Sentiment was quite bullish, despite the efforts of Liverpool to bear prices. Heavy damage by rain was reported at several points in Texas, and also from insects. Prices were bid up sharply all around at New York, and Aug. gained 15 points. Sept. 11 points, and there were 4 to 8 points net gain for all other futures for the day. day.

Local Market-Firm and unchanged. No sales

be the lowest of the early session, however, as covering, foreign buying and investment demand later set in in a moderate scale and sent prices up sharply. The bears were disheartened by reports of further rains in Texas, where the situation had already been rendered serious by reseasive moisture and by official information to the effect that the eastern belt was in need of rain. Anticipation of a very unfriendly Government report Tuesday servest to stimulate bull speculation. As the session were along the forcign contingent gradually came to the front as buyers of the fall options, and the wire house changed over from the role of seller to that of buyer. For a Saturday half holiday business was tolerably active in general. The crop movement failed to reach the volume expected, and new cotton in particular came forward slowly. Private crop reports were "spotty," not in good condition in some sections and poor prespects in others. The improved political atmosphere in the Far East helped to place the cotton market in a better position in that it partially semoved the timidity in investment circles. The market for futures closed steady, with prices not 3 to 15 noths higher. ST. LOUISANS HONCRED.

Singers and Pianists Well Received at Burlington-Officers Elected. REPUBLIC SPECIAL.

Burlington, Ia., Aug. 12-Although St. Louis was not represented at the Northwestern Saengerbund fest by any singing society, three of her musical people carried society, three of her musical people carried off the honors of the big concert. Mrs. Oscar H. Bollman, alto, was given an ovation at each appearance, and Mr. Harry J. Fellows, tenor, was called out several times by the enthusiastic audience. Mr. Louis Hauenstein, the planist, was also favorably received. Mrs. Bollman sang a cradle song, composed by M. Arthur Lieber of St. Louis, which was an instantaneous nit. Officers of the bund were elected to-day as follows: Chatles Rechter, Chicago, president; Theodore G. Behrens, Chicago, vice president; John Hess, Milwaukee, Wis. librarian. Peoria was selected as the next place of meeting. A big parade and picnic closed the day.

SAENGERFEST CLOSED.

The broad front gore is fitted smooth around the waist with tiny darts, and the circular side portions extend to the center back, where the skirt closes beneath two inserted plaits. The gores are joined at the sides directly over the hips; the back of the front gore and front of the sides are arranged in plaits turning toward the seam, forming a hollow box plait. These are flatly pressed and stitched down about two-thirds the depth of the skirt, being caught with small buckles, where the stitching ends. From that point they flare gracefully to the lower edge, giving a stylish sweep to the skirt at the floor line.

The panel effect is emphasized by the application of Cluny insertion on either side of the plaits. The lace is also used as a foot trimming.

LOVERS COMMIT SUICIDE.

Girl's Parents Opposed Wedding-Found Together. REPUBLIC SPECIAL Clinton, Mo., Aug. 12 .- Meager news has

been received here of a double suicide at Coal, a village fourteen miles east of here. Farmer Jones, 24 years old, recently came back from Indian Territory to visit his back from Indian Territory to visit his mother.

He became engaged to Miss Bonnie Turner, daughter of a neighbor, but their parents interposed strong objections. Jones secured a livery team in Clinton yesterday morning. This morning at daylight the buggy was observed standing in the road, but no attention was paid to the occupants until about 8 o'clock, when it was noticed that Jones and the young woman were in a comatose state.

that Jones and the young woman were in a comatose state.

An empty morphine bottle told the manner of suicide, while a note from Jones to his mother directed the disposition of some personal effects, asked that the livery team be returned to Clinton and begged that he and the girl be buried together. Several physicians tried to revive them, but both died about 3 o'clock.
